INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of the Society of St. Vincent de Paul Georgia, Inc.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of the Society of St. Vincent de Paul Georgia, Inc. (a nonprofit organization), which comprise the consolidated statements of financial position as of September 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Society of St. Vincent de Paul Georgia, Inc. as of September 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of state awards expended on page 28 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Nature of Organization and Significant Accounting Policies

Organization

The Society of St. Vincent de Paul Georgia, Inc. (the “Society”) is a nonprofit organization that has been actively assisting people in metro Atlanta and Georgia since 1903. The Society is part of an international organization of Catholic lay people. The Society’s mission is to respond and reach out to people in need, regardless of their race or religion. The Society strives to equip individuals experiencing a time of hardship with the materials, education and confidence needed to establish financial security and self-sufficiency. The Society serves individuals based on their circumstances through financial assistance, free food, free clothing, other merchandise, transportation assistance or a combination of these services. Over seventy volunteer groups, referred to as St. Vincent de Paul Conferences (the “Conferences”), provide assistance in various locations throughout North Georgia. The Society also operates eleven thrift stores in the Atlanta area where clients may redeem vouchers for free clothing, furniture and household goods. The proceeds from stores are used to help families in need with financial assistance. The Council of the Society of St. Vincent de Paul Georgia, Inc. (the Council) is the administrative segment of the Society. The activities and account balances of the Council, conferences, thrift stores, and the new entities created as part of the New Markets Tax Credit transaction, as further discussed below, are included in these consolidated financial statements.

As further discussed in Note 16, the Society was required to form additional entities in accordance with the New Markets Tax Credit funding for the purchase and renovation of the building. In May 2019, a new limited liability company, the 2050 SVDP, LLC, was formed to hold funds and collect rental income. In November 2019, a new 501(c)(3), the SVDP Georgia Support Organization, Inc., was formed, and at that time, the building and other property was transferred to this new entity.

In June 2020, the SVDP Georgia Community Pharmacy, LLC (the Pharmacy) was formed. There was no activity during fiscal 2020. The Pharmacy will be consolidated in the financial statements in fiscal 2021.

Basis of Accounting

The consolidated financial statements of the Society are presented on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities in conformity with accounting principles generally accepted in the United States of America (GAAP). Under this method of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which they are incurred.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020 AND 2019

1. Nature of Organization and Significant Accounting Policies – Continued

Financial Statement Presentation

In accordance with GAAP, the Society is required to report information regarding its consolidated financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions, based on stipulations made by the donor.

Contributions

The Society records unconditional promises to give and contributions received as support without donor restrictions or support with donor restrictions, depending on the existence and/or nature of donor restrictions.

The Society reports gifts of cash and other assets as support with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. All contributions and unconditional promises to give which do not have donor restrictions as to purpose or time are classified as contributions without donor restrictions and pledges receivable.

The Society records gifts of property and equipment as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, as well as gifts of cash or other assets that must be used to acquire long-lived assets, are reported as support with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Society reports expirations of donor restrictions when the donated or purchased long-lived assets are placed in service.

Donated Property, Services and Goods

In accordance with GAAP, all non-cash gifts (other than personal services) are recorded at their estimated fair value at the date of receipt. Donated services are recognized as contributions if the services (a) create or enhance non-financial assets, or (b) require specialized skills that are provided by individuals possessing those skills and would otherwise need to be purchased by the Society if not provided by donation.

During the fiscal years ended September 30, 2020 and 2019, donations of specialized services were received and recorded. Also, the Society received donations of vehicles, clothing and food for both sale and free distribution to clients.

Functional Allocation of Expenses

The costs of providing the various programs and other activities of the Society are summarized on a functional basis in the consolidated statements of activities. The consolidated statements of functional expenses present the natural classifications of expenses by function. Accordingly, certain costs have been allocated among the various programs and supporting services benefited. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include utilities, repairs and maintenance, and depreciation and amortization, which are allocated based on estimates of square footage. Salaries and wages, payroll taxes and benefits, supplies, printing, insurance, and postage are allocated based on estimates of time and effort.

Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

1. Nature of Organization and Significant Accounting Policies – Continued

Tax Exempt Status

The Society is exempt from federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as an organization other than a private foundation. In the opinion of management, the Society continues to operate as a tax-exempt organization and, accordingly, no provisions for federal and state income taxes have been recorded in the accompanying consolidated financial statements. Income from certain activities not directly related to the Society's tax-exempt purpose is subject to taxation as unrelated business income. The Society is subject to unrelated business income taxes on its rental income. For the years ended September 30, 2020 and 2019, there were no significant provisions for federal and state income taxes to record in the accompanying consolidated financial statements.

Management believes that it has appropriate support for any tax positions taken, and as such does not have any uncertain tax positions that are material to the consolidated financial statements. The Society's income tax returns are subject to examination by the appropriate regulatory authorities, and as of September 30, 2020 and 2019, the Society's federal tax returns remain open to examination for the last three years.

Cash and Cash Equivalents and Concentration of Credit Risk

Cash includes demand accounts at several financial institutions as well as at the Catholic Archdiocese of Atlanta. For purposes of the consolidated statements of cash flows, the Society considers all short-term, interest-bearing deposits with original maturities of three months or less to be cash equivalents. Included in cash and cash equivalents are investments in a common fund account held by the Catholic Archdiocese of Atlanta (the Archdiocese).

The balance in the Society's bank accounts, as reflected in the bank's records, is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At September 30, 2020, the funds in the bank accounts exceeded this balance by \$649,940. At September 30, 2019, the funds in the bank accounts did not exceed this balance. The balances in the demand account at the Archdiocese at September 30, 2020 and 2019 of \$147,130 and \$33,353, respectively, are not insured by the FDIC.

Cash and Cash Equivalents and Concentration of Credit Risk – Continued

Cash consisted of the following at September 30:

	<u>2020</u>	<u>2019</u>
Cash without donor restrictions	\$ 2,746,342	\$ 1,518,643
Cash restricted for various short-term purposes	<u>646,788</u>	<u>21,660</u>

Cash and cash equivalents, for purpose of the Statements of Cash Flows	<u>\$ 3,748,679</u>	<u>\$ 2,800,166</u>

Accounts Receivable

Accounts receivable consist primarily of annual collection receivables less an allowance for doubtful accounts when applicable. Management’s determination of the allowance for doubtful accounts is based on an evaluation of the accounts, past experience, current economic conditions, and other risks inherent in receivables. Management believes that all accounts receivable are fully collectible at September 30, 2020 and 2019, and accordingly no allowance has been recorded in the consolidated financial statements.

Inventory

Inventory consists of donated Thrift Store merchandise and various other supplies. The Society records inventory for donated goods at lower of cost or net realizable value, which is determined based on its future economic benefit.

Cemetery Lots and Mausoleum Spaces

Cemetery lots and mausoleum spaces are donated to the Society and are recorded at fair value at the date of donation. There were no lots donated to the Society or sold to clients during the years ended September 30, 2020 and 2019.

Property and Equipment

It is the policy of the Society to capitalize property and equipment in excess of \$1,000. Purchased furniture, fixtures, equipment and vehicles are recorded at cost. Donated furniture, fixtures, equipment, and vehicles are carried at approximate fair value at the date of donation. Depreciation is computed over the assets estimated useful lives, ranging from 3 to 30 years, using the straight-line method. Leasehold improvements are amortized over the estimated useful life of the improvement or the life of the lease, whichever is shorter.

Deferred Revenue

Deferred revenue results from the Society recognizing special event revenue in the period in which the related event occurred. Accordingly, the event fees received for a fundraiser to be held the next fiscal year are deferred until the event date. Additionally, deferred revenue results from advance payments from the Emergency Food and Shelter Program of the United Way.

Advertising Costs

Advertising costs are expensed as incurred.

Evening for Hope

The Evening for Hope event was held in October 2019, subsequent to the 2019 fiscal year end. Therefore, due to timing of the event, deferred revenue as of September 30, 2019 totaled \$43,054. Due to the Coronavirus Pandemic, there was no deferred event revenue at September 30, 2020. Fundraising events are shown in the accompanying statement of activities for the years ended September 30, 2020 and 2019 net of expenses totaling \$84,818 and \$78,048, respectively, and were primarily for the Evening for Hope event.

New Accounting Policies

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of Topic 606 is that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This guidance requires retrospective application.

New Accounting Policies – Continued

In June 2018, FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This new standard clarifies and improves the scope and the accounting guidance for contributions received and contributions made. The guidance in this update should be applied on a modified prospective basis. Retrospective application is permitted.

These accounting policies are effective for fiscal years beginning after December 15, 2018. The Society adopted these accounting policies for the year ended September 30, 2020. These new accounting policies did not affect total net assets for either the year ended September 30, 2020 or 2019.

Reclassification of Amounts

Certain amounts previously reported have been reclassified to conform to the current year's consolidated financial statement presentation.

2. Liquidity and Availability of Financial Assets

The Society is substantially supported by contributions without donor restrictions, thrift store sales, fundraising events, and in-kind donations. However, the Society also receives contributions with donor restrictions for various programs as well as for capital projects. Because a donor's restrictions require funds to be used in a particular manner or in a future period, the Society maintains those funds with donor restrictions so that they are available to meet those responsibilities as they are required to be met. Accordingly, these financial assets are not available to the Society for its general expenditures. General expenditures may be incurred for program, general and administrative , and fundraising purposes.

Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 3,630,326</u>	<u>\$ 1,782,485</u>

For the years ended September 30, 2020 and 2019, cash with donor restrictions of \$646,788 and \$21,660, respectively, were included in financial assets available to meet cash needs for general expenditures within one year. The Society structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition to financial assets available to meet general expenditures over the next twelve months, the Society utilizes an operating budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. In addition, the Consolidated Statement s of Cash Flows shows positive cash generated by operations for the year ended December 31, 2020 and 2019.

The Society’s governing body has designated a portion of its resources without donor restrictions for a board-designated endowment fund as described in Note 12. Those amounts are identified as internal designations in the above table. These funds are invested in a pool of investments for long-term appreciation and current income but remain available and may be spent at the discretion of the Board.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020 AND 2019

2. Liquidity and Availability of Financial Assets – Continued

Additionally, as described in Note 7, the Society maintains a line of credit in the amount of \$300,000, which it could draw upon in the event of an unanticipated liquidity event.

During the year ended September 30, 2020, the global coronavirus pandemic threatened to deeply harm global growth. This has affected the U.S. and global equity markets, as well as eroded consumer confidence and deepened unemployment. It is uncertain how this volatility in the financial markets and general economic conditions may affect the Society’s operations in the future.

While the Society believes it has the resources to continue its programs, its ability to do so, and the extent to which they each continue are heavily dependent on public support. The strength of public support is largely dependent on current and future overall economic conditions.

3. Unconditional Promises to Give, Net

During 2018, the Society began a \$6,500,000 capital campaign to raise funds to purchase and renovate the building where Society operations are currently located and to create an endowment fund to support annual operations. Subsequently, this goal was increased to \$7,000,000. Pledges received through September 30, 2020 totaled approximately \$4,417,561, of which the Society believes approximately \$4,336,140 will be realized. As of September 30, 2020 and 2019, the balance of net pledges receivable was \$950,478 and \$1,537,934, respectively. Pledges are recorded at net realizable value upon receipt. Contributions to be received after one year are discounted at 2.13%, commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue and utilized in accordance with donor-imposed restrictions on the contribution.

Unconditional promises to give consist of the following at September 30:

	2020	2019
Amounts due in:		
Less than one year	\$ 788,897	\$ 1,121,994

4. Note Receivable

During 2020, the Society entered into a note receivable with an investment fund to facilitate the New Markets Tax Credit transaction as described in Note 18. The note receivable totaled \$5,297,250 with an interest rate of 1.00% as of September 30, 2020. The maturity date is January 31, 2048. Interest income will be received annually through December 2026, at which time annual principal and interest payments will be received thereafter through the maturity date.

5. Investments

The Society's investments are managed by investment managers with the Catholic Foundation of North Georgia. The Society's investments are maintained within the Society of St. Vincent de Paul Georgia Endowment Fund (the Fund), which was established during March 2012 to allow various Roman Catholic diocesan parishes, schools, agencies, entities or programs in the Archdiocese of Atlanta to establish permanent endowments for their future long-term needs and other designated purposes.

The Society's investments consist of one pooled investment fund with the Catholic Foundation of North Georgia. These investments are valued by the Catholic Foundation of North Georgia based on the underlying assets. Underlying assets in the funds consist of investments in exchange-traded equity securities and institutional fund investments measured at net asset value. Investment balances with the Catholic Foundation of North Georgia totaled \$642,913 and \$607,554 at September 30, 2020 and 2019, respectively.

Investment returns consist of the following for the years ended September 30:

8. Notes Payable – Continued

Aggregate principal maturities of debt subsequent to September 30, 2020 include \$45,227 during the year ended September 30, 2021, \$1,337,285 during the year ended September 30, 2024, and \$7,350,000 during the year ended September 30, 2027.

In April 2020, the Society obtained a loan from the United States Small Business Administration’s (SBA) Paycheck Protection Program (PPP) to assist with operating cash flow during the pandemic. Management intends to spend the proceeds on eligible amounts that will qualify for loan forgiveness. Any portion of the loan not forgiven will require repayment to the SBA within five years at an interest rate of 1.0%. The total received in 2020 was \$383,400 and has been recorded as a loan in the statements of financial position. Management expects that the loan will be forgiven in fiscal 2021 and the related gain on extinguishment of debt will be recorded at that time.

9. Board Designated Net Assets

Board designated net assets consist of endowed net assets of \$232,913 and \$197,554 for the years ended September 30, 2020 and 2019, respectively.

10. Net Assets With Donor Restrictions

Net assets with donor restrictions are comprised of funds the Society has received subject to donor-imposed restrictions consisting of the following at September 30:

12. Endowed Net Assets

The Society's endowment fund consists of one fund designated by the Society's board of directors as well as donations with donor restrictions in perpetuity. As described in Note 5, these funds are maintained with the Society of St. Vincent de Paul Georgia Endowment Fund (the "Fund").

The Society follows the requirements of Georgia's Uniform Management of Institutional Funds Act (the "Act"). Upon receipt of gifts and bequests, the Society evaluates the gift instrument and related information to determine the directions and intentions of the donor. The Society classifies gifts that are not immediately expendable as either with donor restrictions for purpose or with donor restrictions perpetual in nature, depending on the restrictions that the donor has imposed. Consistent with the Act, in the absence of explicit directions by the donor, the Society classifies the initial recorded value of gifts that are not immediately expendable as with donor restrictions perpetual in nature.

12. Endowed Net Assets – Continued

Investment Policy

The Society established an investment policy for the purpose of providing general guidelines for the prudent investment of its endowment assets. The objective of the investment policy is to defray annual spending and permit some growth of the assets as well as to maximize returns within reasonable and prudent levels of risk in order to minimize chances for loss of capital. The desired investment objective for the investments is to achieve a long-term rate of return of 5% over the prevailing rate of inflation, with a target rate of approximately 8% per year.

Spending Policy

Contributions to the Fund can be made by the Society or by donors, provided that the contributions are in a form acceptable under the Fund's Acceptance Policy. Once an aggregate of \$50,000 in cash or other assets has been contributed, the Society may begin making distributions from the Fund. The endowment may only be used to support the operations, ministries, and capital needs of the Society of St. Vincent de Paul Georgia, Inc. Unless otherwise changed by the Board of Directors, the amount of the endowment distribution used for operations may not exceed 20% of the operating budget. Usage of the endowment distributed funds requires an approval of the board of directors as part of each year's budget process or by special vote. There were no distributions made from the fund during the years ended September 30, 2020 and 2019.

From time to time, the fair value of invested assets associated with individual donor restricted endowment funds may fall below the level that the donor requires the Society to retain as a fund of perpetual duration. There were no such deficiencies as of September 30, 2020 and 2019.

13. Retirement Plan

The Society offers a retirement plan operated under section 401(k) of the Internal Revenue Code. Employees are eligible for participation on the first day of the month following their hire date. There are no minimum service or age requirements for participation. In addition, employees can voluntarily contribute up to the maximum allowed by law to the retirement plan. Employees vest from date of hire. For the fiscal years ended September 30, 2020 and 2019, the Society contributed 3% of each eligible employee’s salary and matched 100% of employee contributions up to 3%. The Society’s contribution to the retirement plan for the years ended September 30, 2020 and 2019 totaled \$73,440 and \$62,267, respectively.

SOCIETY OF ST. VINCENT DE PAUL GEORGIA, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020 AND 2019

16. Commitments and Contingencies

Certain grants and contracts often require the fulfillment of certain conditions as set forth in the instrument or agreement. Failure to fulfill the conditions could result in the return of funds to the grantors. Although the return of funds is a possibility, management of the Society deems the contingency unlikely. The grants and contracts are subject to audit by the grantor, or in the case of federal funds, the Federal Government. They have the authority to determine liabilities or limit or suspend participation in the various sponsored programs.

The Society is subject to legal actions arising in the ordinary course of business. In management's opinion, the Society has adequate legal defense and insurance with respect to such actions and their final outcome would not materially affect the Society's operations or financial position.

Previously, the Society entered into a Loan Conversion Program with a financial institution in which the Society guarantees a portion of the loans entered into by direct aid clients as approved by Management. Management believes the maximum exposure as of September 30, 2020 and 2019 was approximately \$5,900 and \$5,752, respectively.

17. Related Party Transactions

The Society annually remits dues to the National Council of the United States Society of St. Vincent de Paul. During the years ended September 30, 2020 and 2019, \$53,655 and \$54,271, respectively, was paid to the National Council. Amounts due to the National Council as of September 30, 2019 were \$54,271. There were no amounts due to the National Council as of September 30, 2020.

A member of the Board of Directors works for the firm that the Society has hired for architect and design services for its building renovation. Total paid to this company during the years ended September 30, 2020 and 2019 was \$67,180 and \$81,261, respectively.

18. New Markets Tax Credit Transaction

The New Markets Tax Credit Program (NMTC Program) was established by Congress in 2000 to attract investment capital to low-income communities by permitting investors to receive tax credit incentives in exchange for making equity investments in certified Community Development Entities (CDE). Under this program, certain commercial banks and other investors are able to subsidize eligible projects that meet the NMTC Program requirements.

18. New Markets Tax Credit Transaction – Continued

In November 2019, a new 501(c)(3) company, the SVDP Georgia Support Organization, Inc., was formed to hold funds and certain properties transferred to it by the Society, including the building during the seven-year term of the New Market Tax Credit program. This transaction closed on January 31, 2020. Capital campaign funds and NMTC proceeds received under the NMTC Program will be disbursed to purchase and renovate the building that the Society is currently located in.

In January 2020, as part of the NMTC agreement, the building and related improvements were transferred to the SVDP Georgia Support Organization, Inc. At the completion of the NMTC agreement in seven years, these properties will be transferred back to the Society of St. Vincent de Paul Georgia, Inc.

On January 31, 2020, to benefit under the NMTC Program, the Society entered into a series of agreements and transactions with a CDE and an investment fund affiliated with a commercial bank (the Bank). The CDE provided funds towards the renovation of the facility and other capital projects. Notes payable to the CDE totaled \$2,052,750 and \$5,297,250. The Society of St. Vincent de Paul Georgia, Inc. facilitated the transaction by issuing a note receivable agreement that transferred \$5,297,250 to the investment fund using proceeds from the capital campaign. Cash received from this transaction remaining at September 30, 2020 was \$355,549 and is shown as contractually restricted net assets on the Consolidated Statements of Financial Position.

19. Subsequent Events

Management has evaluated events and transactions which occurred through February 23, 2021, which was the date the consolidated financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure in the financial statements.
