Disclaimer

The views, opinions, and content expressed in this presentation do not necessarily reflect the views, opinions, or policies of the Center for Mental Health Services (CMHS), the Substance Abuse and Mental Health Services Administration (SAMHSA), or the U.S. Department of Health and Human Services (HHS).

Purpose and Objectives

- Share the importance of Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) benefits
 - Including income, health insurance, education and employment supports, and housing stability
- Offer opportunities for community members to get involved with SOAR
 - Connecting to local SOAR efforts, the SOAR Online Course, and the SOAR Online Application Tracking (OAT) program

What is SOAR?

- A model for assisting eligible individuals to apply for Social Security Administration (SSA) disability benefits
- For individuals who are experiencing or at risk of homelessness and have a serious mental illness, co-occurring substance use disorder, or other physical disabilities
- Sponsored by SAMHSA in collaboration with the Social Security Administration (SSA) since 2005
- All 50 states and Washington, DC currently participate

SSI and SSDI: The Basics

Supplemental Security Income (SSI)

- Eligibility based on need: low income and resources; living arrangement
- Monthly amount based on Federal Benefit Rate: \$914/month (2023)
- Date of eligibility based on Protective Filing Date/Application Date
- Health insurance: Medicaid

Social Security Disability Insurance (SSDI)

- Eligibility based on insured status (FICA payments)
- Monthly amount based on earnings history
- Health insurance: Medicare

SSI/SSDI Eligibility: Definition of Disability for Adults

SSA's Definition of Disability

Medical
Condition(s)

- Diagnosis
- Documentation
- Duration

Functional
Impairment(s)

- Severity
- Work
- SGA

A Foundation for Recovery and Resiliency

More Than Income

- Access to health care and housing
- Increased education and employment opportunities
- Decrease in incarcerations and hospitalizations

SSI/SSDI: One Brick in Foundation

How do States and Communities Benefit?

SSI and Medicaid bring federal dollars into states, localities, and community programs:

- Health providers can recoup cost of uncompensated care.
- States and localities can recoup the cost of public assistance.
- Cash benefits and back payments received by individuals is spent in the local community (*2021: \$564 million**).

What Makes SOAR Unique?

SOAR-trained case workers are the heroes!

Community Collaborations

Benefits of the SOAR Online Courses

- Standardized training provided across all geographic areas
- SOAR Leaders can coordinate follow-up training and support
- Courses are FREE, web-based, and self-guided
- 20 CEUs from National Association of Social Workers (NASW)

SOAR Online Course: Adult Curriculum

This course trains case workers to assist adults (age 18+) who are experiencing or at risk of homelessness and have a serious mental illness, medical impairment, and/or a co-occurring substance use disorder to apply for the Social Security Administration's (SSA) disability programs, Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI).

SOAR Online Course: Child Curriculum

This course trains case workers to assist children (under age 18) who are experiencing or at risk of homelessness and have a serious mental illness, medical impairment, and/or a co-occurring substance use disorder to apply for Supplemental Security Income (SSI), a Social Security Administration (SSA) disability benefit program.

Getting Involved: Time Commitment

- Training: 20 hours
- 20-40 hours per complete application
- SOAR Critical Components
- Outcome Tracking
- Benefit to Your Agency and the Individuals You Serve

Getting Involved with SOAR

You want to be a SOAR provider? That's great! Here's what to expect.

SOAR promotes recovery and wellness through increased access to Social Security disability benefits for eligible individuals who are experiencing or at risk of homelessness and have a serious mental illness, medical impairment, and/or a co-occurring substance use disorder. SOAR providers assist individuals with complete and quality applications. This is not an easy task, and we want to be sure that you understand the commitment required – we believe it is well worth the effort!

Training

The SOAR Online Course trains providers to assist individuals with the Social Security disability application process. The course includes an Adult Curriculum for assisting with Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) claims for adults and a Child Curriculum for assisting with SSI claims for children.

- The SOAR Online Course: Adult and Child Curriculums are free and are located on the SOARWorks website (<https://soarworks.prainc.com/content/soar-online-course-catalog>).
- Each curriculum consists of seven classes, each of which has a series of articles, short quizzes, and a practice case component. The practice case provides an opportunity for trainees to apply what they have learned in the course by completing a sample application packet for a fictitious applicant using SOAR techniques.
- It takes approximately 20 hours to complete each curriculum and participants can work at their own pace, starting and stopping as they wish. However, we encourage students to complete the curriculum within 30 days to retain the information learned.
- Upon successful completion, participants will receive 20 CEUs (continuing education units) from the National Association of Social Workers (NASW).

Many SOAR Local Leads offer one-day SOAR Online Course Review Sessions to review key components of the curriculum, discuss local/state practices, and connect new providers to local Social Security Administration (SSA) and DDS (Disability Determination Services) offices.

Time Commitment

We estimate that each SOAR application will take approximately 20-40 hours to complete, from initial engagement to receiving a decision on a claim. This generally occurs over the course of 60-90 days.

- The time spent on each application will vary depending on the amount of engagement that is needed as well as other variables such as the experience level of the SOAR worker. For example, engagement with an applicant who is residing in an institution may take 20 hours, while it may take longer to connect with someone who is living outside or difficult to contact.

SOAR Critical Components

SOAR providers with higher approval rates credit their success to implementing the SOAR critical components⁹ and submitting high quality applications. Use of these components significantly increases the

Next Steps

- Learn more about SOAR
- Get in touch with your SAMHSA SOAR TA Center Liaison
- Reach out to your local or state SOAR leads
- Register for the SOAR Online Course
