

WHAT DOES IT MEAN TO "LIVE VINCENTIAN?"

Spirituality. Friendship. Service.

A Vincentian lives by Gospel values while serving neighbors in need. Our mission: fulfill the two great commandments - love of God and love of neighbor. We unite in faith, offering both material and spiritual assistance to our local community, guided by divine opportunities.

“

My favorite part about being a Vincentian is how much my faith has grown. Sometimes people are surprised to learn that the primary reason why we do what we do is to grow our faith. We do that through serving those in need in our communities. I just love to visit with people in their homes, work with people, listen to them, understand their needs and see what we can do to help out. My faith would not be where it is today without this ministry. I can say that hands-down. It just means the world to me. I will never stop being a Vincentian. It's just central to my life.

Mike McLoughlin, Vincentian, St. Peter Chanel Catholic Church, Roswell
